

Hello,

This is **Chris Bianco**; I am a freelance solo troubadour (on acoustic & electric guitars and vocals). I offer live, popular musical entertainment that would fit in nicely in your venue. I would like to offer a more thorough introduction and exposure to my offerings, and how I think I can contribute to your environment.

I have been performing in *world-class* resorts and fine dining & libation establishments (as well as for *very* special *private* events - weddings, parties, & dinners - for *very* special & discriminating clientele) for several decades. I would love to have the privilege of performing for you and *your* clientele, and helping to create a festive musical air for their enjoyment, and so I hope to be considered for a performance booking please.

I take my work seriously, and I tailor my performances and presentation as appropriate to accommodate the full range of environments (from casual sandals & Hawaiian shirt, through formal black-tie & tuxedo; indoors or out, night or day...it's all good). I am a regular performer at some of the finest tasting rooms and resorts in Santa Barbara, Los Olivos, Morro Bay, and Paso Robles. I will gladly provide current references upon request.

I make a point of being "volume sensitive" (meaning I keep my volume at "conversational levels" - not too loud to converse comfortably, but loud enough to project even on outdoor decks), and I do a *clean and classy show* that you would be comfortable offering for your friends, family, and clientele. I perform a wide range of cover songs from folk, rock & pop artists such as Beatles, Eagles, John Denver, James Taylor, Paul Simon, and so many more... *Plus*, I sprinkle in select pieces from my own fourteen original albums and two feature-length **Sailorsong** movies. I have quality instruments and sound equipment, I am *insured & professional*, and I specialize in *intimate* performances in small to medium venues where audience interaction is welcome.

I'd like to offer additional information regarding my show and my music for your review; please visit either my main live performance pages at <http://Chris-Bianco-Music.com>, or either of my record label pages at <http://Sailorsong.com> or <http://Wildersong.com> for more information, photos, videos, and links to samples of my work.

I hope you will review my materials and retain my information for future reference as needed; and I hope you'll contact me sometime (I will be happy to meet with you in-person in your venue) to discuss the development of a quality *regular* live entertainment program, or even a *single* special event.

Till then...

Cheers! and Many Thanks,

Chris Bianco
